Maple & Walz, One of the Harmony Chapter Will En-Most Reliable Commission Companies in Southwest.

Catile and lamis are the two most im-portant assets of the Great Southwest. Upon them depend much of the wealth of the section and their handling must be in the control of business men who know their business thoroughly and who can swing deals of the size that would make the small operators hesi-tale.

To meet this demand for a business firm which was sufficiently broad saged and with sufficient capital to swing even the biggest deals in lands and cattle, the firm of Maple & Walz was organized recently, with H. M. Maple and Harry T. Walz as the two compenent parts of the parinership. H. M. Maple has been identified with the realty market of El Paso for many years and his knowledge of real estate values, of the opportunities for fortune years and his knowledge of real entate values, of the opportunities for fortune making in this field and the chances of purchasting valuable lands cheaping here known throughout the southwest and Mexico. He has done much to develop the city and especially the valleys. His development work in the upper if Pane valley has made a garden tract out of a barren waste and his values have always been of the kind that increase when held for investment.

Associated with him is Harry T. Walz, a member of one of the best known families in El Pass and himself a young fusions man of established reputation.

Members of Harmony chapter, No. 244 Order of Eastern Star, are making elaborate plans for their social session Monday evening, which will be held at the Masonic temple. Invitations have been extended to all the members of the lodge and visitors in the city who are members of this organization to attend. The social session is to be held in celebration of the birth of the lodge. The Order of Eastern Star was founded by Robert Morris, a high Mason, as an auxiliary to the Masonic lodge. Since its foundation the lodge has grown to become one of the largest woman's organizations in the county. It has thousands of members. The El Paso membership is a very large one.

Despite the Vast Amount of Building, El Paso's Growth Keeps Ahead of It.

Despite the fact that the building movement throughout the city has probably been greater this summer than during any other summer season, rental men say that, had it been twice as great, they could readily have found tennants for all of the houses. Even with the numerous apartment hunses that are already completed or will be rendy for occupancy by fall, rental men say that the demand is going to greatly exceed the supply.
